## Accessing the Power of the Divine Feminine

Daniela Schenker

**K**uan Yin is revered by millions across spiritual traditions. A female *bodhisattva* (one who is fully devoted to the enlightenment of others), she stood at the gates of Nirvana ready to enter. But when she heard the cries of suffering in the world, she chose to remain in the human realm until the last sentient being was freed from pain. In *Kuan Yin: Accessing the Power of the Divine Feminine*, author and devotee Daniela Schenker offers readers an exquisite book of full-color photographs and illustrations, along with invocations, meditations, and visualizations to summon the healing energy of this goddess of compassion and liberation.

Daniela Schenker has been a student of Asian traditions for more than 20 years, traveling extensively throughout the world to trace both the history and modern worship of Kuan Yin. Readers join her to learn more about:

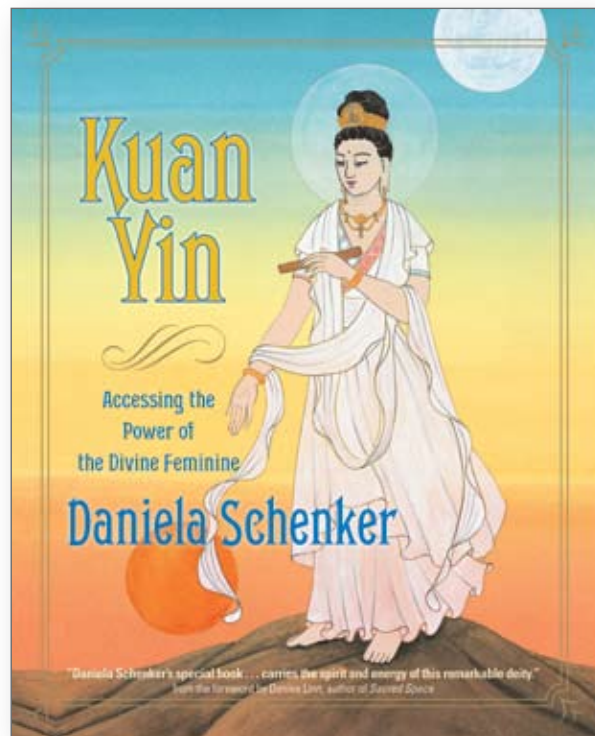

- 33 beautiful watercolor images of Kuan Yin's many benevolent manifestations, accompanied by inspirational contemplations, passages from the Lotus Sutra, and tales and legends about Kuan Yin
- Information about Kuan Yin's evolution, including her origin as the male Avalokiteshvara, her earthly embodiment as the Chinese princess Miao Shan, and her "spiritual sisters" in other traditions
- Powerful mantras and visualizations to invoke Kuan Yin's guidance and protection
- Techniques and tips for creating your own devotional Kuan Yin altar—a sacred place to call upon her blessings

Exquisite and graceful like the goddess herself, *Kuan Yin* makes the perfect gift; a treasured book for your personal altar; and a companion on the spiritual path to receiving this compassionate deity's lovingkindness.
