

## The Mystery of 2012 Predictions, Prophecies & Possibilities

Are we truly coming to the end of a cosmic cycle? Will there be an age of awakening, a new step in human evolution, or even an end to the world we know? For years, archaeologists have known the Mayan calendar predicts this date as the end of an era on Earth. Yet today, more and more researchers, spiritual explorers, and even scientists are witnessing signs that 2012 will mark a critical shift in the history of our planet. Now, for the first time, the leading authorities on the 2012 phenomenon present their insights about this enigmatic date in a single book: *The Mystery of 2012*.
